

Standard Installation • More Laundry Options

the dryerbox®

Introducing Model 480

New Model

This larger Dryerbox® accommodates stand-alone **and** pedestal dryers and can be installed for upward and downward venting exhaust systems.

Pedestal or Stand-alone

Down Vent Pedestal Dryer

Down Vent Stand-alone Dryer

Up Vent Pedestal Dryer

Up Vent Stand-alone Dryer

Versatility

In some cases, the final application is known, and you'll select the exacting perfection of the original models. When you need a standard installation, now you can choose Dryerbox Model 480. It takes up the entire width of the stud bay with a larger receiving area. This allows the transition hose to safely collect whether it's at floor level or higher up on a pedestal.

Contact us today to learn more about your options. Your customers will appreciate the professional finish and the freedom to choose different dryer models.
