PS10-2A – 12V Max I-Driver

**12V
MAX**

LITHIUM-ION

- Ultra-Compact Head Length - 3-1/2" total head length 3 times shorter than most popular competitor
 - 90-Degree Articulating Head - Rotates and locks into five positions for increased versatility
 - 7+1 Electronic Clutch - Precision driving, eliminates over torque in soft base materials. Drill mode allows pilot and other small bore holes
 - Bosch Lithium-Ion 12V Max Batteries - Advanced Lithium-Ion Technology for optimal battery life, runtime, and power
- Includes:** (2) Lithium-Ion Batteries, 30 Minute Charger, (2) 1.5" Power Drive Bits, Carrying Case

Also available without battery and charger: PS10B

PS20-2A – 12V Max Pocket Driver

**12V
MAX**

LITHIUM-ION

- LED Light - Enables use of tool in low light or dark areas
 - Compact Design - 6-1/2" total length can be carried anywhere
 - Forward/Reverse button - Equally useful at driving or removing screws
 - Magnetized Bit Holder - Now supports insert bits
 - 10+1 Clutch - Enables precision driving and no over torque in soft base materials. Max mode allows pilot and other small bore holes
 - Bosch Lithium-Ion 12V Max Batteries - Advanced Lithium-Ion Technology for optimal battery life, runtime, and power.
- Includes:** (2) Lithium-Ion 12V Max Batteries, 30 Minute Charger, (2) 1.5" Power Drive Bits, Carrying Case

Also available without battery and charger: PS20B

New and Improved 2nd Generation Ultra Compact Tools!

Bigger Power. Smaller Package.

Cordless

PS21-2A – 12V Max 2-Speed Pocket Driver

NEW

12V
MAX

LITHIUM-ION

- Powerful for Harder Applications with 265 in.-lbs of Max Torque
 - Compact Design - Shortest head length and shortest height in class
 - LED Light - Enables use of tool in low light or dark areas
 - Lightest Weight in Class - great for overhead work
 - 20 + 1 Clutch Settings - For precise torque adjustment
 - Forward/Reverse button - Equally useful at driving or removing screws
 - Quick Change Chuck - Prevents bit loss in drill or drive mode
- Includes:** (2) Lithium-Ion 12V Max Batteries, 30 Minute Charger, Carry Case

Also available without battery and charger: **PS21B**

PS31-2A – 12V Max 3/8" Drill Driver

NEW

12V
MAX

LITHIUM-ION

- Lightest Weight in Its Class
 - Best Performance to Size Ratio
 - Equipped with 3/8" Single Sleeve Chuck
 - LED Light - Enables use of tool in low light or dark areas
 - 20 + 1 Clutch Settings - For precise torque adjustment
 - Forward/Reverse Button - Equally useful at driving or removing screws
 - Light Weight - Great for overhead continuous work
 - Compactness - Small enough to reach into tight areas and corners
- Includes:** (2) Lithium-Ion 12V Max Batteries, 30 Minute Charger, Carry Case

Also available without battery and charger: **PS31B**

PS41-2A – 12V Max Impact Driver

NEW

12V
MAX

LITHIUM-ION

- Most Compact Impact Driver in Its Class
 - LED Light Ring - 3 LEDs illuminate work area for use in dark areas
 - Bosch Designed Hammer and Anvil System: Produces 930 in.-lbs of max torque and delivers 2,600 RPM/3,100 BPM
 - Battery Gauge Indicator - 3 LEDs to indicate the capacity level
 - Spring-loaded Impact Mechanism - Reduces user fatigue
 - 1/4" Hex Drive with Quick Release
 - Variable Speed Trigger - For complete control
 - Ergonomic Soft Grip Handle - For extended comfort and control
- Includes:** (2) Lithium-Ion 12V Max Batteries, 30 Minute Charger, Carry Case

Also available without battery and charger: **PS41B**

MULTIPLY
the Possibilities

PS50-2A(2B) – 12V Max Multi-X™ Cutting Kit (12V Max Multi-X Carpenter's Kit)

PS50-2B

NEW

**12V
MAX**

LITHIUM-ION

- Flexible in Many Applications and Materials - Corded performance for cutting, sanding and other applications. Suitable for soft wood, hard wood, dry wall, plastic, or metal.
- Battery Gauge Indicator - 3 LEDs to indicate the capacity level
- Bosch Lithium-Ion Batteries - Advanced Lithium ion technology for optimum battery life, runtime, and power
- Compact Design - Small enough to reach into tight spaces, easy to use in corners for cutting or sanding

PS50-2A Includes: 30 Minute Charger, (2) Lithium-Ion 12V Max Batteries, (1) Universal Adapter, (1) Sanding Plate, (1) Sanding Paper Pad, (1) HCS Plunge Cut Blade, Allen Key, Carrying Case

PS50-2B Includes: 30 Minute Charger, (2) Lithium-Ion 12V Max Batteries, (1) Universal Adapter, (1) HCS Plunge Cut Blade, (3) HCS Plunge Cut Blades, (1) BIM Segment Blade, (1) Sanding Plate, (1) Sanding Paper Set, Allen Key, Carrying Case

Also available without battery and charger: PS50B

Includes: Universal Adapter, Wood Plunge Cut Blade (1-5/8 x 1-1/2), Allen Key

PS70-2A – 12V Max Metal Shear

NEW

**12V
MAX**

LITHIUM-ION

- Battery Fuel Gauge - 3 green LEDs to indicate the capacity level
- Accurate Cutting - Able to cut holes as small as 1/2" in diameter
- Cut Straight Lines as Well as Curves with Tight Minimum Radius
- Compact - For working overhead
- Lightweight - Only 3 lbs
- Ambidextrous Control - Switch is located on top of the tool

Includes: Feeler Gauge, Allen Key, (2) Lithium-ion 12 Max Batteries, 30 Minute Charge

Also available without battery and charger: PS70B

What does Best Built Lithium-ion Mean?

BEST BUILT BATTERY

Industry's Most Advanced Lithium-ion Technology

2x
Battery Life

35%
More Run Time

1/2
The Weight

BEST BUILT TOOL

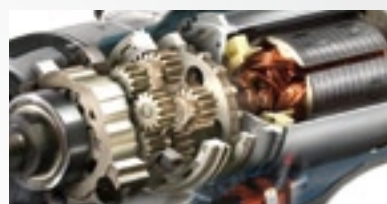

DuraShield™ Exterior Housing
Constructed to withstand jobsite conditions and withstands repeated drops when the competition fails.

*Available on Brute Tough™ Only.

Unibody Construction*
Keeps gearing in alignment for the most durable drivetrain on the market.

Motor Construction*
New Gear Design
Bosch innovative metal gear train system delivers maximum drilling speed, enhanced torque and longer tool life.

BEST BUILT PROTECTION

The Industry's Best Service and Support Program

3-Year Tool Protection Plan

2-Year Free Battery Replacement Guarantee No questions asked!

On-Call Resolution Hotline 1-888-919-7272

Match Battery to the Application

Battery Technology

Bosch Lithium-Ion battery guarantees maximum cycle life, minimum self-discharge and no deteriorating memory effect.

Double Locking Latch System

Securely locks battery pack in

Bosch High Performance Cells

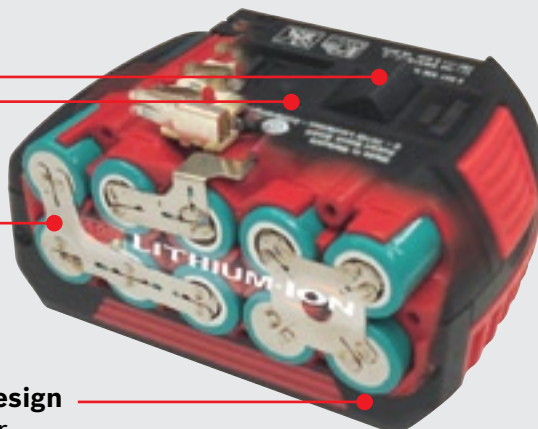

Extremely robust to supply high surge currents and minimum energy loss

Unique Battery Pack Design

Keeps the battery cooler and increases battery life

SlimPack Battery

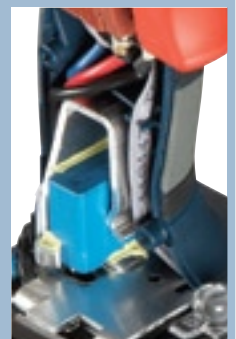

Similar design, same benefits, and compatible with all system tools

BOSCH Electronic Cell Protection (ECP)

Helps prevent cells from overheating, overloading and deep discharging.

State-of-the-art Lithium-Ion battery technology + the Bosch exclusive ECP system provides optimal tool and battery performance even in tough work conditions.

Cordless

18 Volt Tools

Bosch Offers A Drill/Driver Solution For Every Job

Compact

Made for Light Duty Applications

- 0-400/1,300 RPM with 400 in.-lbs. max. torque
- ECP - Electronic Cell Protection

Compact Tough™

Made for Medium Duty Applications

- 0-500/1,600 RPM with 500 in.-lbs. max. torque
- ECP - Electronic Cell Protection
- Durashield™ Housing

Brute Tough™

Made for Heavy Duty Applications

- 0-425/1,800 RPM with 650 in.-lbs. max. torque
- ECP - Electronic Cell Protection
- EMP - Electronic Motor Protection
- Uni-Body Construction/ All Metal Gears
- Durashield™ Housing

DDB180-02 – 18V Compact Drill/Driver

SlimPack

NEW

18 VOLT

LITHIUM-ION

- Compact Design - Extremely Compact and Lightweight with Professional Grade Performance
- Slim-Diameter Soft Grip Handle - Adds comfort for less user fatigue
- Bosch Lithium-Ion - Advanced Lithium-Ion technology that combines Electronic Cell Protection (ECP), unique battery pack design, and customized electronics to deliver optimal battery life and performance
- Keyless Single Sleeve 3/8" (10mm) Chuck - For easy, one-handed bit changes
- LED Light - Great for dark or enclosed areas

Includes: (2) Lithium-Ion SlimPack Batteries, Fast Charger, Double Ended Bit, Carrying Case

Also available without battery and charger: DDB180B

36618-02 – 18V Compact Tough™ 1/2" Drill/Driver

- Durashield™ Housing - Constructed to withstand real world conditions
 - Bosch Lithium-Ion - Advanced Lithium-Ion technology that combines Electronic Cell Protection (ECP), unique battery pack design, and customized electronics to deliver optimal battery life and performance.
 - New Compact Tough™ Design - For increased maneuverability in tight spaces and less user fatigue
 - Ratcheting Single Sleeve 1/2" Chuck - For one-handed bit changes
- Includes:** (2) Lithium-Ion SlimPack Batteries, 30 Minute Charger, Double Ended Bit, Carrying Case

Also available without battery and charger: 33681B
Also available in 14.4V: 33614-02 and 33614B

37618-01 – 18V Brute Tough™ 1/2" Drill/Driver

- Durashield™ Housing & Unibody Powertrain - Provide extra durability to withstand real world conditions
 - Bosch Lithium-Ion - Advanced Lithium-Ion technology that combines Electronic Cell Protection (ECP), unique battery pack design, and customized electronics to deliver optimal battery life and performance.
 - Electronic Motor Protection (EMP) - Works with ECP to protect the motor against overloading and overheating in extreme stall conditions
 - High Strength Metal Collar - Enhances durability and protects tool when dropped on the chuck
- Includes:** (2) Lithium-Ion FatPack Batteries, 30 Minute Charger, Magnetic Bit Holder, Philips Drive Bit, Side Handle, Carrying Case

Also available without battery and charger: 37618B
Also available in 14.4V: 37614-01 and 37614B

17618-01 – 18V Brute Tough™ 1/2" Hammer Drill/Driver

- Durashield™ Housing & Unibody Powertrain - Provide extra durability to withstand real world conditions
 - Bosch Lithium-Ion - Advanced Lithium-Ion technology that combines Electronic Cell Protection (ECP), unique battery pack design, and customized electronics to deliver optimal battery life and performance
 - Electronic Motor Protection (EMP) - Works with ECP to protect the motor against overloading and overheating in extreme stall conditions
 - High Strength Metal Collar - Enhances durability and protects tool when dropped on the chuck
- Includes:** (2) Lithium-Ion FatPack Batteries, 30 Minute Charger, Magnetic Bit Holder, Philips Drive Bit, Side Handle, Carrying Case

Also available without battery and charger: 17618B
Also available in 14.4V: 17614-01 and 17614B

Cordless 18 Volt Tools

HTH182-01 – 18V High Torque Impact Wrench with 7/16" Hex

Coming Soon

FatPack

NEW

18 VOLT

LITHIUM-ION

- Heavy Duty All-Metal Motor, Impact Hammer and Anvil System - Made to hold up in tough environments
- Bosch Lithium-Ion - Advanced Lithium-Ion technology that combines Electronic Cell Protection (ECP), unique battery pack design, and customized electronics to deliver optimal battery life and performance
- Thin Design Nose Piece - Allows getting into tight spaces
- LED Light - Adds visibility in dark areas
- Ergonomic Soft-Grip Handle and Surfaces - Adds comfort and reduces user fatigue

Includes: (2) Lithium-Ion FatPack Batteries, 30 Minute Fast Charger

Also available without battery and charger: HTH182B

CCS180K – 18V 6-1/2" Circular Saw

FatPack

18 VOLT

LITHIUM-ION

- Bosch Lithium-Ion - Advanced Lithium-Ion technology that combines Electronic Cell Protection (ECP), unique battery pack design, and customized electronics to deliver optimal battery life and performance
- 6-1/2" Saw Blade - Cut through 2x material even at full depth of cut
- Exclusive Anti-sag Lower Guard - For ease of cut
- Easy to Read Depth of Cut Gauge - Maximizes cutting performance
- 50° Bevel - For wider range of applications
- Heavy-Duty Aluminum Foot and Upper Guard - For enhanced durability

Includes: Lithium-Ion FatPack Battery, Lithium-Ion Fast Charger, Allen Key, 6-1/2" 18-tooth Carbide Blade

Also available without battery and charger: CCS180B

CRS180K – 18V Reciprocating Saw

FatPack

18 VOLT

LITHIUM-ION

- Bosch Lithium-Ion - Advanced Lithium-Ion technology that combines Electronic Cell Protection (ECP), unique battery pack design, and customized electronics to deliver optimal battery life and performance
- Compact Size - Makes it easier to get into tight spaces
- Patented Lockjaw™ Blade Change System - For fast, easy one handed blade insertion and ejection
- 1-1/8" Stroke - Remove more material per stroke
- Variable Speed Trigger - Helps you ease into the material without kickback

Includes: Lithium-Ion FatPack Battery, Lithium-Ion Fast Charger, (2) Bi-metal Reciprocating Blades

Also available without battery and charger: CRS180B

CAG180-01 – 18V 4-1/2" Angle Grinder

Coming Soon

FatPack

NEW

18 VOLT

LITHIUM-ION

- Bosch Lithium-Ion - Advanced Lithium-Ion technology that combines Electronic Cell Protection (ECP), unique battery pack design, and customized electronics to deliver optimal battery life and performance
- Powerful 4-Brush Motor Design - For heavy duty applications
- Overload Protection and Lifetime Brush Design - Creates long motor life without need to change brushes
- Burst-Wheel Resistant Guard Design - Resists rotation in the case of wheel burst

Includes: (2) Lithium-Ion FatPack Batteries, Grinding and Cutting Guards, Flange Kit Including Side Handle, Spanner Wrench and Matched Flanges, Carrying Case

Also available without battery and charger: CAG180B

Cordless 36 Volt Tools

38636-01 – 36V Brute Tough™ 1/2" Drill/Driver

LITHIUM-ION

- Flexible Power System - Match battery to application - SlimPack (2 Included) for 36 volt power, less than 14.4V weight. FatPack (optional) for 36 volt power and maximum runtime.
- Lithium-Ion 36V Batteries - The most advanced Lithium-Ion battery available today allows more battery charges, and longer run times
- Brute Tough™ Construction with Unibody Powertrain, Metal-Reinforced Collar and Durashield™ Housing - Constructed to Withstand Real World Conditions. Withstands repeated 1-story drops when the competition fails
- Externally Accessible Brushes - For brush replacement in as little as 2 minutes
- Ratcheting, Carbide Tooth Single Sleeve 1/2" Chuck - For one-handed bit changes
- Bosch Designed Powertrain with Metal Gears - For increased life and durability
- 15-Position Clutch

Includes: (2) Lithium-Ion 36V SlimPack Batteries, Lithium-Ion Fast Charger, Auxiliary Handle, Double-ended Bit, Carrying Case

11536VSR – 36V 1" SDS-plus® Rotary Hammer

FatPack

LITHIUM-ION

- 1" Solid Bit Capacity/2.5" Core Bit Capacity
- 3-Mode Selector - Rotation only, rotary hammer and hammer only mode
- Lithium-Ion 36V Batteries - Allows more battery charges, longer run time and more power
- SDS-plus® Bit System
- Variable Speed Reversing Trigger
- Tool-free Bit Changes with Automatic Bit Locking, Dust Protection and Maximum Impact Energy Transfer Rate
- Vario-Lock™ Positioning - Rotates and Locks chisel into 36 different positions
- Integral Clutch - Helps minimize torque reaction
- Lithium-Ion Fast Charger - Charges 36V batteries to 80% of capacity in 30 minutes

Includes: (2) Lithium-Ion 36V FatPack Batteries, 1-Hour Fast Charger, 360° Auxiliary Handle, Depth Gauge, Carrying Case

1651K – 36V Reciprocating Saw

1
FatPack

36
VOLT

LITHIUM-ION

- Fastest Saw in Its Category - 1-1/2" per square inch per min
- Patented Lockjaw™ Blade Change System - For fast, easy one handed blade insertion and ejection
- Built-in Saw Hook - Convenient saw storage between cuts
- Two-position Handle and Smaller Collar - For better control in multiple working conditions
- Variable Speed Trigger - Provides precision blade speed control
- Open Toe Shoe - For ultimate line of sight
- Rubber Boot for sure under or over-hand cutting

Includes: Lithium-Ion 36V FatPack Battery, Lithium-Ion Fast Charger, (2) Bi-metal Reciprocating Blades, Jobsite Carrying Bag

Also available without battery and charger: 1651B

Cord not included

HEAR EVERYWHERE* 360°

HEAR EVERYWHERE*

- 360° Premium Stereo Sound
- 4 Speakers and Subwoofer
- Over 2X More Sound Power than previous generation Power Box™ (PB10-CD)
- Advanced Digital Signal Processing - optimizes AM/FM reception and signal quality for best clarity
- 20 FM and 10 AM station presets
- Customizable Equalizer and 4 preset EQ settings

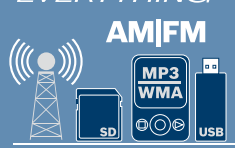

USE ANYWHERE†

USE ANYWHERE†

- Rugged Aluminum/Rubber Roll Cage withstands tough jobsite conditions
- Weather-resistant Design Protection from moisture, dust and debris
- Digital Media Bay Offers secure storage for most digital media devices
- Powered by Bosch 14.4V-18V Lithium-Ion Batteries (not included), or by any 120V power source

PLAY EVERYTHING‡

PLAY EVERYTHING‡

- Play MP3 and WMA digital music files from most MP3 players, CD players and most SD/MMC cards and USB mass storage devices
- Play Satellite Radio Player Through Auxiliary Port
- Internal and External Auxiliary Port
- SD/MMC Memory Card Port
- USB Port
- Line Out Port

CHARGE ANYTHING§

CHARGE ANYTHING§

- 4 Power Outlets
- Battery Charger Bay (for Bosch 14.4V-18V Lithium-Ion Batteries Only)
- 12V DC Power Outlet - Compatible with car chargers
- Powered USB Port - Charges most USB-enabled devices
- Charges Competitive Batteries (when competitive chargers are plugged into power outlets, and Power Box 360 is plugged into 120V power source)

PB360D also features:

- 5X more sound power than previous generation Power Box™ (PB10-CD)
- Integrated Sirius Satellite Radio-ready Universal Docking Capability with select Sirius devices for more versatility
- 4-Way GFCI Outlets
- Bosch Exclusive Remote Control with Onboard Storage - Operate unit from up to 40 feet away
- Backlit Front Control Panel Buttons and Dials

PB360S and PB360D Includes: (2) AA Batteries, 6" Auxiliary Cable
