

4" Square (Gen3 1000 Lumen LED Work Light)

Four bright white 1000 Lumen LED Work Lights mounted the front of a Bombardier snow plow.

Six super bright Gen3 LEDs make this light out-shine it's halogen competitors with less amp draw.

LED Work Lights do not reflect the snow like it's halogen counterparts making snowplowing easier.

PRODUCT RATING

Features

- Announcing our new 1000 Lumen 4" Square LED Work Light that is built for the most demanding work environments including material handling, construction, agricultural, forestry, mining and other off road equipment applications.
- Long-lasting life of 30,000+ hours - no more broken bulbs and long lasting, reliable light output to illuminate your work areas and equipment.
- Mounting Bracket can be tilted forward or back 180 degrees to angle the light where you need it.
- Waterproof o-ring sealed design with a rugged die cast metal housing protects the LEDs from dust, vibration and moisture.
- Featuring exclusive premium optics that boost the LED power.
- Made with 6 super bright Gen3 White LEDs for an uncompromising flood of light for your work areas.
- The operator of the snowplow pictured at left told us "there's no reflection from the snow like halogen lights" & "everyone sees it coming & gets out of the way!" - a distinct advantage in snowy climates for clearing sidewalks or even plowing parking lots.

1000 Lumen 4" Square LED Work Light

Flood #EWLC1000SBDF0W

Spot #EWLC1000SBDS0W

Trapezoid #EWLC1000SBDT0W

TECHNICAL SPECIFICATIONS

Illumination Patterns	Flood, Spot or Trapezoid
Color Temperature:	5700k
Input Voltage Range:	10 - 60 Vdc for worldwide use
Current Consumption:	
@ 12.8 Vdc	3.1 amps
@ 25.6 Vdc	1.1 amps
@ 51.2 Vdc	0.7 amps
# of LEDs:	6 Generation 3 LEDs
Light Sync Technology:	No
Operating Temperature:	-40° to +65° C
Dimensions:	diameter x depth x height
	4.18" diam x 2.63" d x 5.29" h (height measurement is w/ bracket)
